To Parents/Guardians of Year One Children

20th November 2020

Dear Parents

Access to Remote Learning

I am sure you are now all aware that the school has been busy arranging a remote learning package for all of our children in case of a partial or whole class/year/school Covid lockdown. As part of our preparations for this remote learning facility for our children, we need to find out what equipment you have at home to access this package. Would you please complete and return the form below to your class teacher giving as much detail as you are able to help us with our planning. Thank you.

Yours faithfully

J Wood
Year One Lead
